> Good Morning Board Members, We have received a new open records request this morning from Ms. Marilyn Marks. This request involves additional information that is different from her previous requests. Please review each bullet point and search any form of correspondence that you may have such as paper records, emails and text that you may have pertaining to this specific request. Please also focus on determining if you have records responsive to numbers 3,5,6,12 and 13. I know you have all responded to various requests before. However, each time we get a new request that involves any information that you all may have with responsive records, I will continue to send them to you for your review and response for our records. We will need your response as soon as you possible so that Jennifer can prepare a response within the next 3 days, as required by law.

- >
- > This is a public records request. Please provide electronic copies of the requested records. The records should include records in the possession of current and previous election officials (including Misty Hampton and Jil Ridlehoover) as well as county attorneys and vendors. If any record is denied or withheld, please specifically state which specific record is being withheld and the basis for withholding, including the legal citations. Please produce:
- >
- > All emails, text messages, and related documents related to Coffee County matters from the period November 3, 2020 through the date of your response between any Hall Booth Smith attorney representing Coffee County officials and any representative of the Georgia Secretary of State office or the State Election Board. For purposes of this request, the email search may be limited to addresses (including cc: or bcc) using domain "sos.ga.gov" for the email address of state officials. (Previously produced emails need not be produced again.)

Records should include any documents and communications in the possession of Coffee County management (including Hampton and Ridlehoover), past or present Coffee County election board members, and attorneys representing Coffee County officials. The purported count is referenced in the attached minutes of the 12/30/20 Senate Judiciary Committee minutes in testimony by Cathy Latham. (emails on the county computers used by Hampton and Ridlehoover should be searched.)

(Fulton County Superior Court 2020cv343711) litigation not protected by attorney client privilege or attorney work product. This request also includes all county attorneys' communications with all other parties, parties' counsel and the Court.

- > For the period September 1, 2020 through March 31, 2020, records of repair, maintenance or assistance related to the laptop Misty Hampton used for election work and the county computer used by Jil Ridlehoover. Documents to include the records of Charles Dial and SGCCE.

- > Documents demonstrating the attempt and to obtain a copy of the .ost files of Misty Hampton's emails on the computer referenced on the July 2, 2021 memo attached. Documents produced to date did not include any reference to Mr. Dial's attempt to recover the .ost file of Misty Hampton's

email or what his findings were. Please produce the file description, size and time created of the .ost file Mr. Dial created in his attempt to recover Ms. Hampton's emails. (As Mr. Dial notes, cancelling the Microsoft license should have had no impact on the email files resident on Ms. Hampton's computer. Those files should be recoverable and have not been produced.)

>

> If Ms. Hampton deleted the Outlook email files on the computer as Mr. Dial suggests may have happened, "before she left," please produce documentation of deletion of Hampton's emails on the computer referenced. It is my understanding that Ms. Hampton was ushered out of the office immediately upon her termination, in which case she would presumably not have had time to delete her emails.

(This also includes any responsive emails in which Ms. Ridlehoover was copied.)

Responsive documents should include communications regarding Mr. Logan after November 3, 2020 including those in Ms. Ridlehoover emails. Responsive documents should also include emails from Ms. Watson or others on the SOS investigation staff.
